MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: Termination of Consultant Contracts

1. This memorandum suggests action by the Deputy Director (Support).

2. In returning the memoranda recording the approval of contract extensions for fiscal year 1959, you noted that the Director of Central Intelligence had requested that he be consulted in advance concerning the termination of consultant contracts. There has been no formal requirement for such action in the past and, except for individual cases which the Deputy Director concerned might have discussed with the Director, such terminations have not been brought to his attention.

3. As a method of complying with the Director's request, it is suggested that you transmit the attached memorandum to the Deputy Director (Intelligence) and the Deputy Director (Plans) advising them of this requirement.

Gordon M. Stewart
Director of Personnel
